

## A smile changes everything...but NOT without volunteers!

Volunteers are the very lifeblood of Interfaith Dental. It would be **impossible** to provide transformational care for the number of patients experiencing poverty **without** the service of generous and skilled volunteers. Volunteers help in many ways. Dentists typically serve a 2-4 hour shift in Interfaith’s clinic(s), from once a month, to once a quarter, to once or twice a year...**everything helps!** And with the additional space in our NEW Nashville clinic, there’s even more room for volunteers to serve! Specialists give care in their own offices, and the patient is charged on the same fee scale as at Interfaith’s clinics. Dental Hygienist and Dental Assistant volunteers can also enable the clinic to give care to more patients in need.

Here’s the impact these volunteers made at Interfaith in 2018-19:

- **Nearly 190 clinical volunteers** donated **4,287 hours** in service!
- The total market value that volunteer dentists/specialists & hygienists provided for Interfaith patients in 2018-19 was \$439,237 —this is an **invaluable** supplement to the care provided by staff. This value means Interfaith’s financial resources can be used in the most efficient way possible!

Category	Number of Volunteers	Hours
Dentists & Specialists	124	3,397.5
RDHs	30	348.25
RDAs	35	541.5
Education Center- Dentist & Specialist instruction	20	132.5

Anyone interested in volunteering at either clinic can contact Kristin Dillard at [volunteer@interfaithdental.com](mailto:volunteer@interfaithdental.com) or 615-942-1240 or [visit https://interfaithdentalclinic.com/ways-to-help/volunteers/](https://interfaithdentalclinic.com/ways-to-help/volunteers/)

Additionally, Interfaith recognizes a special group of volunteer dentists annually—*Dentists of Distinction*. This society promotes volunteerism and support from dentists and specialists. Dentists must qualify each year to stay on the list and are honored at both *Story Behind the Smiles*’ events hosted each fall. Flip the page to read more about our Dentists of Distinction.

The qualifications for being a Dentist of Distinction include:

- 20 or more volunteer hours service per fiscal year
- Personal gift of \$1,000 or more per fiscal year
- Or a combination of gifts and service

FY2018-19 **Dentists of Distinction** include the following:

**Service to Rutherford County clinic:**
